**"I had such a good time. Our meeting review sheets are in and our attendees feel the same way!"**

**-Farm Credit Bank of Columbia**

**"You were absolutely wonderful! I enjoyed planning with you, meeting you in person and seeing you perform. From the evaluations, it is clear that our members enjoyed you as well."**

**-Association of Texas Professional Educators**

**Words of Wisdom from Doc Include:**

**Accent on Laughter:** Probably his most requested talk, Doc finds a uniquely positive and humorous way to look at the many nationalities – and their ACCENTS – that make up this country. The talk hits home when Doc starts to go about putting on the "accent" of sales, customer service, safety, excellence or whatever the organizations' needs are.

**To Soar With Eagles:** Inspired by Doc's personal experiences in learning to fly, Doc shows us that by using the principles of faith, service, wisdom, action, artistry and security we can rise above life's challenges – and maybe even learn to fly. The program is filled with hilarious stories that drive home a very important message.

**Success Comes In Cans:** This talk is inspired by the cattlemen who gathered at the local honky tonk in South Texas and drank out of tin cans. The longer they drank, the more successful they seemed to be. The myth, of course, explodes when daylight and sobriety prevail. In the real world, success comes in "cans" rather than "can'ts."

**Livin' On Love and Laughter:** You may or may not be surprised that the secret to life is revealed in a country western song, but according to Doc it is! This two-part talk takes us through a philosophy filled with fun that allows us to spend more time grazin' on greener pastures, livin' on love and laughter.

**The Gift of Laughter:** The gift of laughter is a free bonus to all that come along for the ride. With this talk, Doc leaves little doubt that your attitude can determine your altitude! Doc gives us a way to get serious about success, to succeed where others fail and most importantly to leave 'em laughing.
