"You are consummate professionals, and you make meeting planners like me look good."

-North Carolina Textile Manufacturers Association

"Our annual dinner crowd was enthralled by the music and the tall tales of western lore. I was so impressed that so much of the music is original."

-Florida Municipal Electric Association, Inc.

Here's how you can use The Swing Riders for your next event!

The Swing Rider SHOW – Doc and Mike, The Swing Riders, team up to take listeners on a figurative trail ride, telling tales with humor, songs and tunes that characterized the trail drive era. Mike, an accomplished vocalist and guitarist conceived the idea of The Swing Riders and enlisted the services of his father, Doc, who learned the skills and music of working cowboys from growing up around the real thing in South Texas. A multi-instrument musician, Doc specializes in the mandolin and fiddle, though he plays other instruments as well. The Swing Riders always tailor performances to the theme of the event and reinforce ideas and concepts that are important to the organization – creating a special event that has lasting impact.

The Swing Rider PACKAGE - is a one of a kind 3-program show for the price of one! In addition to The Swing Rider Show, Doc and Mike are uniquely qualified as professional writers, speakers AND musicians. Doc has been a professional speaker/humorist/fiddler for over 20 years. Mike has been a western novelist/guitarist/singer-songwriter for over a decade. Both are consummate entertainers. Doc and Mike are often used in a keynote/after-dinner/spouses program/closing session combination followed or preceded by the Swing Riders Show over a one or two day period. Of course the meeting planner may choose only ONE performer or The Swing Rider Show at a very competitive fee but if the Swing Rider Package is chosen, the other options are FREE.

The Swing Rider EXTRAVAGANZA – It's even more Swing Riders fun! In addition to the comedy and musical talent of Doc and Mike, the Blakely's bring in a full range of performers and musicians - base player, guitar player, twin fiddles, and even a trick roper – for an event that is sure to please!
